

## **Purpose**

The internet provides numerous possibilities to offer and/or order products and services. Similarly the Swiss Chambers of Commerce have created an online directory: Swissfirms. As a member of a chamber of commerce your company will be represented with an entry in the Swissfirms' website. This service is free of charge for members of the Zurich Chamber of Commerce.

Swissfirms is represented in the whole of Switzerland. The platform now has nearly 15 000 company entries – this represents 15 000 possibilities to find new business partners or to establish business relations.

Whoever wishes to enhance their website presence on the Swissfirms' portal can choose from several options (Logo, Top Link or E-mapping).
